Rwanda

Agahozo-Shalom Youth Village February 21-March 3, 2011

Combine volunteering at the Agahozo-Shalom Youth Village, an amazing place modeled after Yemin Orde youth village in Israel, with learning about the country, history and life in Rwanda, one of the most beautiful countries in Africa. ASYV provides a home for children left orphaned by the 1994 genocide in Rwanda. Volunteer experiences may include work in the afterschool program, farm, or kitchen. We will live in the village and try to make a difference in the lives of these young people, as well as visiting the Akagera Game Park.

Jewish Missions to Isolated Communities

If you are interested in meeting with the Jewish community of Cuba, learning about their lives, having the opportunity to hear their stories, and letting them know the North American Jewish community cares about them, we have numerous opportunities for you to join a group. Experience Cuba while you give of yourself and your expertise. These missions assist with the revitalization of Jewish life in Cuba and work to improve the physical and spiritual well-being of Cuba's Jews.
